As a KTTC educator, you will play a vital role in teaching and training subjects/topics according to the scheduled timetable at KTTC. Additionally, you will actively participate in all KTTC program activities, support the School Principal and Vice Principal in managing and running the KTTC campus, and ensure compliance with KTTC rules and regulations. This position is full-time and may require additional working hours as needed.

Key Responsibilities:

- Teaching Responsibilities:**
 - Deliver classes as per the scheduled time and subjects at KTTC.
- Compound Maintenance and Gardening:**
 - Lead compound cleaning and school gardening activities with KTTC students.
 - Take care of water and electricity systems as assigned by the Teacher Head.
- Record Keeping:**
 - Maintain accurate filing of school records and student documentation.
- Coordination and Communication:**
 - Assist in coordinating and communicating between students, Teacher Head, and Vice Teacher Head for related KTTC program activities.

5. **Teaching Schedule and Topics:**
 - Participate in planning teaching schedules/timetables and share training topics/subjects with other teachers.
6. **Student Support:**
 - Help oversee KTTC students and provide necessary support as needed.
7. **Campus Infrastructure Management:**
 - Take care of all buildings within the KTTC compound, including KTTC Girl Boarding house, Boy Boarding house, kitchen, and toilets.
8. **Material Requests:**
 - Timely request teaching materials or student necessities from the Teacher Head/Vice Teacher Head.

Additional Roles

- Attend training sessions to upgrade teacher skills and other relevant topics.
- Ensure student security and safety during ground-level insecurity situations.
- Assist in managing emergency plans for teachers and students during high-security alerts.

Required Skills and Qualifications

- Bachelor's degree in education, Science, or a relevant field.
- Excellent communication, interpersonal, and teamwork skills.
- At least 2 years of experience in teaching Science Subject or teacher training in science Subject.
- Proficiency in computer software programs, including Microsoft Word and Microsoft Excel.
- High levels of professionalism, innovation, energy, creativity, and flexibility.
- Excellent speaking and writing skills in Karen; fair proficiency in English and/or Burmese is desirable.
- Willingness to work flexible hours to support teachers and KTTC students.
- Ability to travel freely to field areas and occasionally to KTWG central office/Thailand for training and meetings.

Personal Attributes

- Ability to work collaboratively and efficiently.
- Commitment to KTWG's mission and values.
